

Resolve to make 2024 a positive year, says Dave Wheeler

**The more you put into your Freemasonry,
the more you and your fellow Lodge
members will get out, believes our PGM**

Enjoyment is key to everything we do

- Build towards the finale of the 2025 Festival: show your support
- Take part in Provincial events: they're great fun in great company!
- Create and support lodge social events and open days

Care for existing members

- Welcome and nurture our new members throughout the Province
- Keep all brethren engaged, from the newest initiate to the longest-serving member
- Keep your eye on your brethren, and offer help when it's needed
- Contact brethren who haven't attended for a while: we're all Almoners
- Does any brother need support in getting to Lodge?
- Does anyone, including family members, need help from the MCF?

Look to the future

- Build a strong Lodge Management Team
- Embrace the principles of the Members' Pathway: visit b.ugle.org.uk
- Take the plunge: hold multiple candidate ceremonies

**Freemasonry has existed for 300 years. What we do this year
will keep it on course for the next 300**
